

Joakim Johansson

I am driven by creativity and challenges. I don't like being bored. Experience of running a company as well as being a developer and designer.

Front end developer

I have experienced of working as a developer in a big team and also as a one man show running my own product (with over 50 000 users). I have both experience in web and in app development. Most experience in HTML, CSS and JavaScript. Also experienced in graphic design, interaction design and backend development using NodeJS.

JOAKIM JOHANSSON

IT University of Gothenburg, Sweden

Individual courses in development

2010-2011

Ruby, web design, web development

Linne university, Umeå university, Luleå university & Gotland University College

Experiences

TELIA

2016 – 2017

ROLL: Front end developer/Designer

Worked mainly on creating a customer support portal for our business segment. Lead developer and also responsible for design. Been interviewing customer support staff before sketching out features that I later on develop. Single page application.

TECH: [HTML](#), [CSS](#), [SASS](#), [React](#), [Redux](#), [Balsamiq](#), [Webpack](#), [Git](#)

STORY WARS

2015 –

ROLE: Developer/Designer/Owner

Story Wars is a project I started in 2014 when working on telia.se. Became a company in 2015. Has been featured on BBC, Sunday Times and the Guardian. Google has several times featured Story Wars as one of the best web apps on their Chrome Web Store. 50 000+ users. Uses modern technique like websockets for real time notifications, single page application and service worker to work offline.

TECH: [HTML](#), [CSS](#), [SASS](#), [JavaScript](#), [AngularJS](#), [Ionic](#), [React Native](#), [MixPanel](#), [NodeJS](#), [Grunt](#), [Git](#), [Photoshop](#), [Balsamiq](#)

TELIA

2013 – 2015

ROLE: Front end developer

Front end development for telia.se. Mainly been working on "MyBusiness", a logged in portal for all our company customers. Have also been involved in implementing a queue system for an iPhone release.

TECH: [HTML](#), [CSS](#), [LESS](#), [JavaScript](#), [AngularJS](#), [jQuery](#), [Bootstrap](#), [CMS \(Magnolia\)](#), [Grunt](#), [Git](#)

TELIA

2012 – 2013

ROLL: Web designer/content manager

Worked mostly with the task of creating the new support pages for telia.se, Swedens biggest telecom. Was also involved in the design and development of telia.se/utomlands, prices when calling to and from abroad. Designed and developed a prototype for Bredbandswebben, a portal for house owners when plugging into the network for the first time and choosing their provider, that was used to win a huge contract.

TEKNOLOGIER/NYCKELORD: [HTML](#), [CSS](#), [LESS](#), [JavaScript](#), [Dojo](#), [CMS \(Magnolia\)](#), [Photoshop](#), [Balsamiq](#)
